Auburn, Indiana 46706

PID Wayne:

Congratulations and best wishes on your decision to be a candidate and in receiving the endorsement of the Lions of Indiana for the office of Second Vice President of Lions Clubs International.

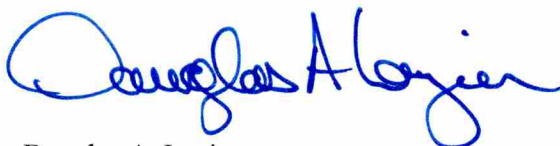

You and I have a long history of serving Lions and others together since 1995. You were one of the district governors and I was the state comptroller. I remember that you worked tirelessly to have a membership increase in your district, which did happen. You led a mission trip to Honduras with other Lions in your district. Because of your leadership during your governorship, you were selected to become Council Chairperson. I remember your leadership in dealing with tough issues such as our state convention management and in selecting MERL chairpersons that year.

We served together as trustees of the Indiana Lions Foundation and you became its President. During your year, you brought the idea of Photoscreening preschool children to the trustees and were able to convince them, including me, of the value of this program. We made this vision screening operation one of the premier Core Four programs in existence.

I was honored that you asked me to assist you as co-sector coordinator for Campaign SightFirst II. We were able to work with Lion leaders from around the world to learn how to successfully implement this program in our multiple district resulting in almost a million dollars being contributed to preventing blindness worldwide from our Indiana Lions. You have worked as a DGE group leader teaching action plans for membership growth and as a faculty member of the Senior Lions Leadership Institute.

It has been an honor to be working with you these years and to now give you my full support for your next quest to become the next vice president of our Association in 2010.

Sincerely and best wishes,

Douglas A. Lozier,  
International Director
